

BEAUTYLIGHT™

BeautyLight is a holistic, non-intrusive skin rejuvenation system.

Even after the first treatment there is a visible improvement in muscle tone, giving the face and body a natural, youthful lift.

BeautyLight is exclusively manufactured by Thor Laser Limited, the world leader in LED/LASER medical systems technology for 18 years.

BEAUTYLIGHT - THE EXCITING HOLISTIC BEAUTY SYSTEM USED BY LEADING SPAS & SALONS

Phototherapy is one of the few non-invasive tools available that can reverse the appearance of aging skin, such as fine lines and wrinkles. Treatments easily penetrate deep into tissues by utilizing precise wavelengths of light. The system works from the inside out stimulating a natural cellular regeneration and repair process, as well as maximum collagen production resulting in a treatment that is quick, effective, and long lasting.

What results can I expect ?

- Fewer lines and wrinkles
- Skin surface becomes smoother, toned, and youthful
- Healthy glow from total skin rejuvenation
- Increased skin firmness
- Accelerated skin repair
- Increased Moisture & Oxygenation

What are the benefits of BeautyLight Phototherapy ?

- Promotes maximum collagen production for a more youthful skin
- Increased cellular oxygenation for increased moisture
- Rapid cellular regeneration/repair

THE BENEFITS OF BEAUTYLIGHT

Non-Surgical Face Lift - BeautyLight is a powerful, but safe alternative to cosmetic surgery. You can turn back the clock without the use of a surgeon.

Lines & Wrinkles - BeautyLight increases the supply of collagen and proteins to the skin, reducing the appearance of fine lines and wrinkles.

Stretch Marks/Scarring - BeautyLight uses a proven effective light wavelength for treating stretch marks and scar tissue.

Skin Problems - BeautyLight is an invaluable tool for treating skin problems such as Blemishes, Age Spots and Dry Skin. Phototherapy works from the inside out, stimulating cellular regeneration and repair, creating a smoother/healthier skin texture.

Nail Growth - BeautyLight stimulates the growth of stronger, healthier nails as well as promoting the speed at which the nails grow.

Actual Before & After Photos

FREQUENTLY ASKED QUESTIONS

Is the BeautyLight treatment abrasive or painful?

BeautyLight's advanced delivery system provides controlled power for unsurpassed safety and treatments that are painless, non-invasive, and non-abrasive.

What is BeautyLight Therapy?

Specific light wavelengths and precise energy levels enhance cellular metabolism, accelerate repair, and replenish damaged skin cells while precise deep penetration produces collagen and provides longer lasting visible results.

Does BeautyLight therapy complement other treatments?

BeautyLight will complement facials, peels, microdermabrasion, and other procedures working synergistically through cellular repair and healing.
